

**Mira Costa High School
Alternate Transportation Permission
2009-2010**

Dear Parents/Guardians

Transportation to most away events is usually provided by the Manhattan Beach Unified School District for students who participate in co-curricular activities at Mira Costa High School. Occasionally, alternate transportation may be necessary.

The District has stipulated the following guidelines for transportation to away events for all students:

- **Students are not allowed to drive other students under any circumstances.**
- **Students must have parent permission to drive themselves.**
- **Students must have parent permission to ride with another student's parent.**

Please fill out and return this form to your coach or moderator prior to event.
